SUMMARY

Computer Science student at Cairo University with a good foundation in Front-End Development. Built practical projects using HTML, CSS, JavaScript, TypeScript, Angular, and Bootstrap through training and self-learning. Interested in building responsive, user-friendly web interfaces and continuously developing my skills.

TECHNICAL SKILLS

Front-End Development

HTML • CSS • JavaScript • TypeScript • Angular • Bootstrap

Programming Languages

Python • Java

Computer Science Fundamentals

Object-Oriented Programming (OOP) • Data Structures

Tools & Version Control

Git • GitHub

PROJECTS

• Spotly — Event Management System

Angular • TypeScript • Bootstrap

NTI Final Project

Worked on the Organizer Front-End, building the Dashboard, Events, Bookings, Earnings, and Profile pages.

• Academic Projects

Developed multiple academic projects using Java, HTML, CSS, JavaScript, OOP, Data Structures, and AI models, applying programming and problem-solving skills to practical applications.

• Personal Projects

A collection of web projects built while learning and practicing Front-End development using HTML, CSS, and JavaScript.

• Weather Forecast

Python • Tkinter • OpenWeatherMap API

A desktop application that provides current weather and forecast information based on the searched city.

• Python Expense Tracker

Python • Tkinter • API

A desktop application for tracking expenses, calculating totals, and converting currencies using an external API.

• Tic-Tac-Toe

Python • Tkinter

A desktop Tic-Tac-Toe game where the user plays against the computer, with score tracking and game controls.

EDUCATION

B.Sc. in Computer Science

Cairo University — Faculty of Science

Present

COURSES

Summer Training in MEAN-Stack Web Development

NTI / ITIDA

120 Hours — 90 Technical Hours + 30 Freelancing Hours — Final Result: 96%

HTML, CSS & CSS Layout

Almdrasa

HTML, CSS & JavaScript

SoloLearn

Programming Fundamentals with Python

Almdrasa

Courses included:

- Python Programming Fundamentals I
- Python Programming Fundamentals II
- Git and GitHub
- Python Projects with ChatGPT
- Java Crash Course
- Primary Data Structures
- Primary Data Structures: Challenges and Solutions

LANGUAGES

Arabic

English
